Dear Ms. Ryan:

Re: Manifest Violations, New York State

USEPA Region V referred several New York State manifests which listed Safety Kleen as the transporter and which were improperly completed, to this Agency for follow-up. Items 12 and 13 were left blank on these manifests, and Safety Kleen accepted the loads without obtaining a correct number of containers, or total quantity. Salvatore Carluomagno of the New York Department of Environmental Conservation has supplied the Agency with copies of the incomplete forms (copies attached).

Because your transportation operation is based in Elgin, Illinois we are asking that you explain these errors and that you correct the manifests. Please respond within 15 days of receipt of this letter. In your response please include a copy of the letter to the State of New York correcting New York manifest numbers NYA3913626, NYA3915505, NYA3912120, NYA3916001, NYA3143678, NYA3912210, and NYA3069468.

This letter and your response will be included in your file and will be available for review when reviewing future waste hauling applications. Should you have any questions regarding this matter contact Cindy Ladage or me at 217/782-6761.

Sincerely,

Eugene P. Theodos, Manager
